FOR IMMEDIATE RELEASE

Dillon BLM Hosts Information Fair for Planning Effort

DILLON – The Bureau of Land Management’s Dillon Field Office will host an Information Fair on April 9, 10, and 11 at the BLM Office in Dillon. The purpose of the Information Fair is to share data compiled to date that will be used to develop the Dillon Resource Management Plan (RMP). The event will be held each day from 1:00 to 8:00 p.m. and will feature baseline resource information acquired by specialists in wildlife, minerals, range management, forestry, recreation, soil, water, air, and cultural resources.

Most of the information will be presented in map format. The same information will be available each day and the public may view the information anytime during fair hours. Resource specialists will be available to discuss information and answer questions, but no formal presentations are planned. You can also use this event to discuss the Wild and Scenic River review process and the recently released Draft Eligibility Report with BLM staff.

The Dillon Field Office is located at 1005 Selway Drive (behind the Lion’s Den Restaurant) in Dillon. For more information, contact Renee Johnson at 683-8016 or Andrea Wiggins at 683-8022.
